

# BRIGHT NAILS

## High-Performance

### A Far Superior Screw

Brightnails Screws are a multi-purpose screw that drastically out performs the traditional screw.

The type 17 gash immediately starts to cut into the timber with the aid of the serrated thread, and the molecular lubricated material it generates a faster insertion time.

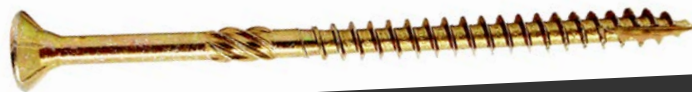

It's hard to go back to the average screws once you've experience the performance of Bright Nails!

- ✓ High-Performance
- ✓ Fast Insertion Time
- ✓ Molecular Lubrication
- ✓ Reduced Torque
- ✓ Splitting Prevention
- ✓ Self-Counter sinking ribs
- ✓ Reinforced Countersunk head
